(54) SYSTEM FOR DISCRIMINATING AND SHARING ELECTRONIC CATALOGUE AND METHOD THEREOF

(57) Abstract:

PURPOSE: A system for discriminating and sharing an electronic catalogue and a method thereof are provided to discriminate and share a corresponding electronic catalogue as a fixed code system on the Internet by accommodating all expressing forms being used in an individual company which deal an actual commodity, classifying a catalogue according to classification references of each company, dispersing and registering the catalogue, and managing the catalogue. **CONSTITUTION:** A plurality of ECID(Electric Catalogue Identification)

servers(20) possesses an electronic catalogue list being dispersed and stored in an e-MP(Market Place) or an individual company server which is a server of each company, and constitutes a network for searching the electronic catalogue being dispersed and stored. A managing server(15) performs a sharing process with respect to an electronic catalogue list between the ECID servers(20) using a routing function, integrates an e-MP by each ECID server, constitutes a network between each ECID server, and integrally manages the network. A plurality of users(10) installs a plug-in at a web browser, and receives and uses ones wanted electronic catalogue information using a search engine supplied by the ECID server(20). A plurality of manufacturers(30) transmits a possessed electronic catalogue list to the connected ECID server(20) using an ECID code creating function, and registers the electronic catalogue list.
